LOCATION OF EVENT

Free parking available in church car park and pay-and-display opposite.

Easily accessible via public transport:

The following bus numbers have routes that pass near Erdington High Street: Bus 100, 11S, 11C, X3, X4. It's a short walk (0.5 mile) from Erdington Train station.

To celebrate the first National Healthcare Estates & Facilities Day, at the end of the day all delegate names will be put in a hat, with the chance to win a Samsung TAB E Tablet kindly donated by Ambinet Software, and a luxury duvet kindly donated by Behrens Healthcare

The focus of the day is getting back on track:

- Ensuring we keep our staff safe regards Listeria and how effective a Green Clean is to wipe out infection
- What are the next steps for the National Standards of Healthcare Cleanliness 2021 and reviewing the training support material which has recently been released
- Learn how one of our members is getting on with the new Efficacy Audits

Some great prizes to be won on the day

Product Exhibition

An array of suppliers will be exhibiting throughout the day, displaying new products and giving practical demonstrations, advice, guidance. Help with your “Eric Green Plan” and see if you are already buying sustainable products.

Refreshments and lunch will be provided

Confirmed speakers for this event include:

- **Dr. Mark Garvey, Consultant Clinical Scientist, Deputy Director of Infection Prevention and Control** University Hospitals Birmingham NHS Foundation Trust
- **Sue Ladkin, Training & Quality Compliance Manager** Summerhill Services Limited & AHCP Midlands Branch ETD Lead
- **Heather Cracknell, Healthcare Cleaning SME** ISS

Pre-booking onto this event is necessary.

The Benefits of Joining AHCP

As a member of the Association of Healthcare Cleaning Professionals, you will have access through professional channels to information, advice and experience in the field of cleaning excellence and best practice.

The AHCP is the national voice of Healthcare Cleaning Management; as a member, you will have the opportunity to express your views and concerns to those at the centre of policy making.

Membership of the AHCP includes:

Take advantage of existing national best practices and procedures

Access a lively and politically focussed virtual helpdesk

Attend and contribute at local regional meetings

Influence the Association's national agenda and direction

Be part of the national working groups reviewing and creating policies

Work closely with the Professional and Ministerial bodies

Attend contribute and support our Association's Annual National Conference

Our members are drawn various sectors:

- NHS and private hospitals and clinics
- Primary care sector surgeries and clinics
- Care and nursing homes
- Central and local government organisations
- Education and training establishments
- Cleaning contractors
- Independent facilities management services providers

Within these organisations our members are drawn from many different departments and areas with a direct role or supporting involvement in the delivery of cleaning services:

- Cleaning and domestic services
- Estates and facilities management
- Hotel and support services
- Laundry and linen services
- Catering and food services
- Portering
- Ambulance and transport services
- Communications services

Harnessing the strength of our members to provide excellence in professional healthcare cleaning.

We aim to help our members to provide a service committed to excellence and cost effectiveness, as well as to promote and develop measurable standards of service, responsive to changing needs of clients.

Strategic Objectives

To establish a wide network of members by continuing to promote the profile of the Association through:

- Mutual learning
- Assistance and support
- Information sharing
- Identifying emerging challenges and opportunities
- Lobbying relevant influential bodies including governments
- Commissioning and developing relevant research
- To contribute to and develop learning opportunities
